Vendors must check in with the Vendors Chairman prior to set up to ensure proper placement of all booths.

Standard 10x10 or 10x20 booths must be set-up to match the “Front” of the booth next to you to avoid having a “hiding effect” for your booth or the booth next to you. All booths must be at least three feet back from the sidewalk to allow for smooth patron traffic.

All booths must be set-up by NOON on opening day, July 11th 2018, **and vehicles must be placed in vendor parking area.** Vehicles left by fence (fire lane) will be towed at owners/vendors expense.

The only trailers that can remain behind your display are those that require refrigeration. All trailers used for re-stocking must be parked in the south parking lot on the south side (back by the split rail fence).

Prior to each event, if you need more than 20 minutes to re-stock inventory etc., you will need to obtain permission from Vendor Chairman in advance in order to park behind the fence. There will be contestant and pedestrian traffic in the area at this time. **DRIVE SLOW / DRIVE SAFE!**

Tear-Down Hours

All vendors must remain totally intact and operational until 9:30 pm or at least 30 min following the last event. (May be extended based on attendance after the last event)
